Israel Horizons

Israel Horizons has a distinguished pedigree dating back to 1952, when it was established by the Progressive Zionist League (PZL), and soon was published by Americans for Progressive Israel (API), one of the several predecessor organizations of today's Partners for Progressive Israel. It continued as a progressive Zionist magazine until 2011, when Partners for Progressive Israel (then known as Meretz USA) discontinued its publication.

In November 2017, however, Partners for Progressive Israel reestablished *Israel Horizons* as a web publication coming out 8 times a year. It's been reinvented as a magazine that informs its audience – principally, but not only American Jews – about the activities, ideas, and issues of the Israeli left and its American supporters. We are glad to continue it today as a platform for information, opinion, and discussion.

Israel Horizons is not a newsletter. Rather, it publishes almost only original pieces about issues and events, analyses of current developments, and book reviews, as well as publicizing upcoming events by Partners for Progressive Israel and of interest to our supporters. We generally have one

or two articles by Israelis affiliated with Meretz.
